ELECTROSEA®

ElectroSea was created when owners of a sportfishing vessel identified a better way to prevent biofouling in their seawater cooling system. Solving complex technical problems is their expertise. With more than 100 issued U.S. patents and 350+ foreign patents in advanced technologies, our Executive Management Team has been developing innovative solutions for more than 50 years. With an experienced team of ‘old salts’ who eat, sleep, and breathe boating, ElectroSea will improve your time on the water.

SEASTRONG™ Pump

SeaStrong is a superior marine pump designed for reliable operation in the marine environment. It features a seal-less magnetically coupled drive inside a glass-fiber reinforced polypropylene pump head so it will not leak, tarnish or corrode. It is powered by a stainless steel, IP55 rated washdown motor that is rugged, performs and looks good year after year.

ElectroSea offers a two-year warranty on the SeaStrong pump when used with ElectroStrainer or ClearLine to create the most reliable seawater delivery system available today. With ElectroStrainer or ClearLine and SeaStrong on your boat, the A/C runs cool, bait stays frozen, and you will never have to descale again! SeaStrong is a drop-in replacement for your existing seawater pump.

SeaStrong Highlights:

- Innovative seal-less design will not leak
- IP55 TEFC Washdown motor protects from water intrusion
- Available in 20 models with flow rates up to 180 gallons per minute with ½ hp to 7.5 hp motors
- Available in Stainless Steel or White Epoxy motor
- Easy installation for new vessels or drop-in replacement for refits
- Two-Year SeaStrong pump warranty when used with ElectroStrainer or ClearLine System

Neither is any liability assumed for damages resulting from the use of this product and information contained herein.

SeaStrong is simply a better pump. It will not leak at the seals, corrode or tarnish even in the toughest marine environment. SeaStrong is a seawater pump that you can be proud of; and your customers can depend on!

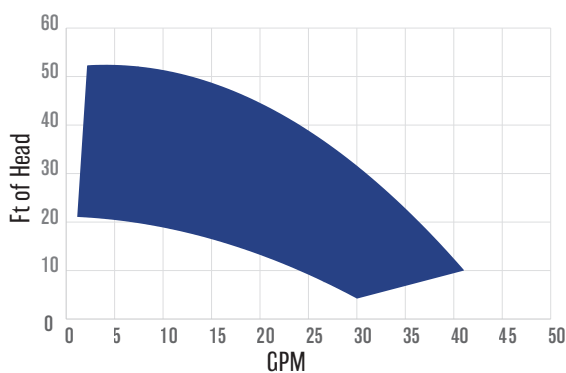

ElectroSea's SeaStrong Pump features a seal-less magnetic drive, centrifugal design to ensure reliable performance and unparalleled pump durability. ElectroSea offers a **SeaStrong 2-year warranty** when used with the ElectroStrainer or ClearLine System.

ElectroSea can provide a cross reference for any pump manufacturer and model. Please provide us with your existing pump tag and we will provide a SeaStrong equivalent pump.

SW-1000 SERIES

MAX. FLOW	MAX. HEAD
42 GPM	52 FT.

Applications

- Air Conditioner, Chiller, Refrigerator
- Livewell
- Seawater and Corrosive fluids

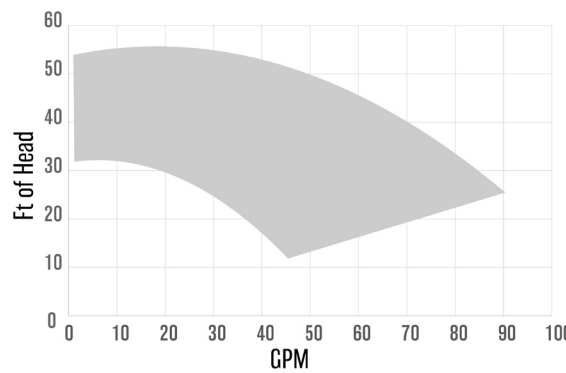

Features

- Seal-less, magnetic drive pump
- Close-coupled, centrifugal design
- Glass filled polypropylene head
- Reinforced 316L input collar ring
- Washdown, IP55 rated motor
- Stainless Steel or White Epoxy motor

Technical Data

- 1" Inlet (1.25" option)
- 1" Outlet
- NPT Connections
- 0.5 HP
- TEFC Motor
- Single Phase
- NEMA 56C Frame

SW-1500 SERIES

MAX. FLOW	MAX. HEAD
90 GPM	55 FT.

Applications

- Air Conditioner, Chiller, Refrigerator
- Livewell
- Seawater and Corrosive fluids

Features

- Seal-less, magnetic drive pump
- Close-coupled, centrifugal design
- Glass filled polypropylene head
- Reinforced 316L input collar ring
- Washdown, IP55 rated motor
- Stainless Steel or White Epoxy motor

Technical Data

- 1.5" Inlet
- 1" and 1.5" Outlet
- NPT Connections
- 0.5, 1, and 1.5 HP
- TEFC Motor
- Single and Three Phase option
- NEMA 56C Frame

SW-2000 & 2100 SERIES

MAX. FLOW	MAX. HEAD
125 GPM	81 FT.

Applications

- Air Conditioner, Chiller, Refrigerator
- Livewell
- Seawater and Corrosive fluids

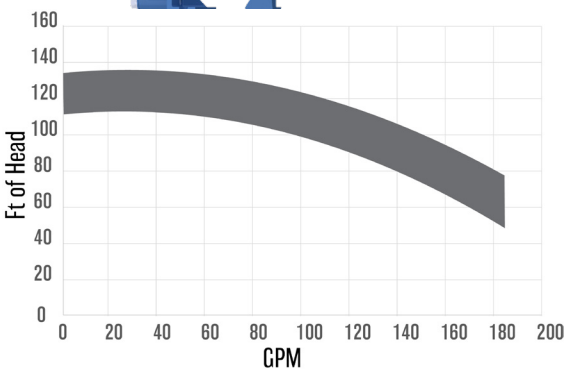

Features

- Seal-less, magnetic drive pump
- Close-coupled, centrifugal design
- Glass filled polypropylene head
- Reinforced 316L input collar ring
- Washdown, IP55 rated motor
- Stainless Steel or White Epoxy motor

Technical Data

- 2" Inlet
- 1.5" Outlet
- NPT Connections
- 1, 1.5, and 2 HP
- TEFC Motor
- Single and Three Phase option
- NEMA 56C and 145TC Frame

SW-2200 SERIES

MAX. FLOW	MAX. HEAD
185 GPM	136 FT.

Applications

- Air Conditioner, Chiller, Refrigerator
- Livewell
- Seawater and Corrosive fluids

Features

- Seal-less, magnetic drive pump
- Close-coupled, centrifugal design
- Glass filled polypropylene head
- Reinforced 316L input collar ring
- Washdown, IP55 rated motor
- Stainless Steel or White Epoxy motor

Technical Data

- 2" Inlet
- 2" Outlet
- NPT Connections
- 2, 5, and 7.5 HP
- TEFC Motor
- Single and Three Phase option
- NEMA 145TC and 184TC Frame

ST-1000 SELF PRIME SERIES

MAX. FLOW	MAX. HEAD
54 GPM	58 FT.

Applications

- Air Conditioner, Chiller, Refrigerator
- Livewell
- Seawater and Corrosive fluids

Features

- Self-prime design
- Seal-less, magnetic drive pump
- Close-coupled, centrifugal design
- Glass filled polypropylene head
- Reinforced 316L input collar ring
- Washdown, IP55 rated motor
- Stainless Steel or White Epoxy motor

Technical Data

- 1" Inlet / 1" Outlet
- NPT Connections
- 1 HP
- TEFC Motor
- Single Phase Motor
- NEMA 56C Frame

ST-1500 SELF PRIME SERIES

MAX. FLOW	MAX. HEAD
115 GPM	82 FT.

Applications

- Air Conditioner, Chiller, Refrigerator
- Livewell
- Seawater and Corrosive fluids

Features

- Self-prime design
- Seal-less, magnetic drive pump
- Close-coupled, centrifugal design
- Glass filled polypropylene head
- Reinforced 316L input collar ring
- Washdown, IP55 rated motor
- Stainless Steel or White Epoxy motor

Technical Data

- 1.5" Inlet / 1.5" Outlet
- NPT Connections
- 3 HP
- TEFC Motor
- Three Phase Motor
- NEMA 145TC

SW-1000

ElectroSea’s SeaStrong Pump features a seal-less magnetic drive, to ensure reliable performance and unparalleled pump durability.

FEATURES

- Seawater surrounds the pump, which has no physical connection to the motor eliminating seal leaks
- Magnetic drive, close-coupled with no seals for long life
- Rugged glass fiber reinforced polypropylene construction will not rust, tarnish or corrode
- IP55 rated, Washdown motor
- Sealed bearings and stainless steel output shaft seals

SPECIFICATIONS

Input	1" FNPT
Output	1" MNPT
HP	0.5
Phase	1
Voltage	115/208-230 VAC
Current	7.6/3.8 AMPS
Frequency	60 Hz

SW-1000-S	Full Stainless Steel Exterior
SW-1000-W	White Epoxy Steel Exterior

SW-1010

ElectroSea’s SeaStrong Pump features a seal-less magnetic drive, to ensure reliable performance and unparalleled pump durability.

FEATURES

- Seawater surrounds the pump, which has no physical connection to the motor eliminating seal leaks
- Magnetic drive, close-coupled with no seals for long life
- Rugged glass fiber reinforced polypropylene construction will not rust, tarnish or corrode
- IP55 rated, Washdown motor
- Sealed bearings and stainless steel output shaft seals

SPECIFICATIONS

Input	1" FNPT
Output	1" MNPT

Connect SeaStrong Pump to Viking Yachts Centralized Seawater System

The SeaStrong Pump Relay Control Kit allows for drop-in electrical replacement of Grundfos Pumps with SeaStrong Pumps. The SeaStrong Pump Relay Control Kit functions as a relay interface between SeaStrong Pumps and Viking Yachts Centralized Seawater System. Centralized Seawater System control signals are sent to the Pump Relay Control kit providing power to the corresponding SeaStrong Pump on demand. The Pump Relay Control kit is an essential component when using SeaStrong with Viking Yachts.
